EDUCATION AND TRAINING

2006:

-Medicine and Surgery Degree awarded on 07/20/2006 with 110 cum laude, University of Milan-Bicocca
Experimental Thesis at San Gerardo Hospital Respiratory Department, Monza, Italy with title: *Tolleranza indotta all'attività antitussigena dell'etanolo per via inalatoria: possibili meccanismi e interazioni farmacologiche.*

2007:

- Enabling the medical profession achieved in the second session in 2006 (02/15/2007) with a score of 261.75 / 270.

- Registration of the order of the Provincial Surgeons and Dentists of Milan.

2011:

Specialization in Respiratory Diseases awarded on 07/22/2011 with a grade 70 cum laude . University of Milano-Bicocca.
-Specialization thesis titled: *Sclerosi Sistemica ed interessamento polmonare: Ruolo dell'infiammazione.*

WORK EXPERIENCE

From 01 July 2021 School director of the postgraduate specialization in Disease of the Respiratory System.

From 31 March 2020 Associate Professor for the sector 06 / D1 - Diseases of the Cardiovascular System and Diseases of the Respiratory System, scientific / disciplinary sector MED / 10 - Respiratory Diseases.

Department of Pathophysiology and Transplants, University of Milan

In the same time confirmation of assistance functions at the UOC of Bronchopneumology of the IRCCS Ca 'Granda Maggiore Policlinico Hospital in Milan.

From November 2017 to March 2020 Clinical assistance contract in agreement with the University of Milan at the UOC of Bronchopneumology of the IRCCS Ca 'Granda Hospital Maggiore Policlinico Hospital in Milan

With the main task of managing outpatients and patients suffering from respiratory sleep disorders including the first diagnostic phase, the therapeutic phase with adaptation to non-invasive mechanical ventilation and regular follow-up.

From June 2016 continuous collaboration at the UOC of Bronchopneumology of the IRCCS Ca 'Granda Hospital Maggiore Policlinico in Milan

With the main task of managing outpatients and patients suffering from respiratory sleep disorders including the first diagnostic phase, the therapeutic phase with adaptation to non-invasive mechanical ventilation and regular follow-up.

From October 2014 to June 2016 Clinical assistance contract in agreement with the University of Milan at the UOC of Bronchopneumology of the IRCCS Ca 'Granda Hospital Maggiore Policlinico Hospital in Milan

With the main task of managing outpatients and patients suffering from respiratory sleep disorders including the first diagnostic phase, the therapeutic phase with adaptation to non-invasive mechanical ventilation and regular follow-up.

From November 2011 to November 2012 Temporary medical director at the Adult Cystic Fibrosis Unit at the Bronchopneumology Unit of the IRCCS Cà Granda Hospital Maggiore Policlinico in Milan, with the main task of managing adult patients with Cystic Fibrosis.

AWARDS:

January 22, 2017: Certificate of Medical Expert in the Management of the patient affected by OSAS by the Study Center of the Italian Society of Pulmonology (SIP)

Experience during the specialist training period (Specialization in Diseases of the Respiratory System)

Management of the patient with severe acute and chronic respiratory failure with training through professional apprenticeships at the Semi-intensive Respiratory Unit of the Pneumological Clinic of the San Gerardo Nuovo Hospital in Monza and UOC of General Intensive Care Unit of the San Gerardo Hospital in Monza.

Management of patients with respiratory sleep disorders with internship at the laboratory of respiratory sleep disorders of the Pneumological Clinic of the San Gerardo Nuovo Hospital in Monza.

Management of patients with diffuse infiltrative pneumopathies (pulmonary interstitial disease) at the Pneumology Clinic Unit of the San Gerardo Nuovo Hospital in Monza with practice of bronchoscopic diagnostics through internship at the bronchoscopy service of the Pneumatic Clinic of the San Gerardo Hospital in Monza, personally performing, supervised by the doctor in charge of the service, 318 bronchoscopies

Visiting Doctor in Pulmonary Interstitial Diseases at Interstitial lung disease division of the Royal Brompton Hospital-London, from January 2011-April 2011.

Scientific experiences.

-From April 2017, Type B researcher of type B, scientific sector MED / 10 Diseases of the Respiratory System at the Department of Medical Surgical Pathophysiology and Transplants at the University of Milan.

-From June 2013 to June 2016, Type A researcher, scientific sector MED / 10 Diseases of the Respiratory System, at the department of physiology and transplantation at the University of Milan.

During the 2013-2016 three-year period, didactic activity through the following activities: - Collaboration in the courses of Semeiotics I and Medical Clinic of the degree course in Medicine and Surgery by holding lectures, seminars, non-formal teaching and internship activities. - Co-supervisor activity at the thesis of Medicine and Surgery Internships, free choice of the student and free choice seminars in the Degree of Medicine and Surgery. - Tutoring activities for medical specialists of

the school of respiratory diseases during the period of attendance at the laboratory of respiratory sleep disorders. - Co-supervisor activity for the Theses of Specialties in Respiratory Diseases. The main research topics addressed during the three-year period 2013-2016 were: 1) The evaluation of respiratory infections and inflammations. 2) Non-Cystic Fibrosis bronchiectasis (NCFBC). 3) Use of non-invasive ventilation (NIV) in patients with acute and chronic respiratory failure.
